Viacheslav Chumushuk

Location: Khmelnitsky, Ukraine
Age: 26
Email / Jabber: voice@root.ua
ICQ: 445396159
Phone: +380972448134

Education

- 2002 - 2007. Khmelnitsky National University, Faculty of Computer Systems and Programming. Degree in system programming.

Work experience

- 01.2007 – 04.2011 DCS Software e Servizi S.r.l.

Italian software company specializing mostly on Intranet web solutions for Italian social institutions.

One of the leader software supplier for Italian curt institutions.

Position: Web developer

- 06.2011 – present time BookStep.com startup.

BookStep startup is a service for book reading. The goal idea of the project is "pay for read time only".

Position: Android developer. I developed Android client for the book reading service.

- Freelance experience.

Working on different web projects with customers all around the world. I've developed web projects from scratch as well as supported customer's projects.

- OpenSource community activities.

I've sent few patches to opensource projects, such as mcabber, herrie, lastmp. Few Archlinux packages maintainer. My opensource hobby projects can be found here: https://github.com/vchumushuk
